

Kirkpatrick, J. (1990). Assessment of Gestation Age in the Newborn (videotape and viewing guide). Purdue University, West Lafayette, IN.

Videotapes were selected for the 1992 Video Festival at the Ninth National Meeting of NAACOG (May 31 - June 4) in Minneapolis, MN. Physical Assessment of the Normal Newborn, second edition won an award at the American Journal of Nursing Media Festival, 1992. Over 1,250 copies of the tapes have been sold nationally and internationally to hospitals and schools of nursing through Purdue's Self-Directed Learning Department and the J.B. Lippincott Publishing Company. Tapes were licensed through the Division of Sponsored Programs to be translated to Japanese and distributed in Japan.
